MD SHAFIUNNISA BEGUM

Phone: +91 9966238887 | Email: shafiunnisabegummd@gmail.com

CAREER OBJECTIVE

Motivated Computer Science Engineering student seeking an entry-level Software Developer role, with foundational skills in programming, web development, databases, and AI-related projects. Eager to contribute to practical software solutions and continue learning in a collaborative team.

EDUCATION

B.Tech — Computer Science and Engineering | Adikavi Nannaya University
Overall CGPA: 8.0 | Last Semester CGPA: 8.65

TECHNICAL SKILLS

- **Programming:** C, Python, Java, JavaScript
- **Front-End Development:** HTML5, CSS3, React.js, React Router, Vite, responsive web design, responsive UI
- **Back-End Fundamentals:** Web application fundamentals, API integration, REST API concepts, request/response handling
- **Databases:** SQL, DBMS, relational database concepts
- **Development Practices:** Debugging, troubleshooting, code readability, clean and documented code, web development best practices, basic code review
- **Core Concepts:** OOP, data structures fundamentals, problem solving
- **AI & Productivity:** AI translation APIs, NLP fundamentals, prompt engineering, MS Word, Excel, PowerPoint

INTERNSHIP EXPERIENCE

Full Stack Development Intern — Thiranex | 31 May 2026 – 30 June 2026

- Developed responsive web pages using HTML and CSS.
- Gained practical exposure to front-end development, back-end fundamentals, SQL, APIs, and web application concepts.
- Participated in hands-on development tasks and collaborative activities.

PROJECTS

CivicAI OneGov — AI-Powered Citizen Government Services Platform

- Built a React-based citizen service interface with service discovery, dashboard, guided application workflows, document support, application tracking, and grievance-management pages.
- Tech: React.js, JavaScript, HTML5, CSS3, React Router, Vite | Live Demo

CodeAlpha Task 1 — AI Language Translator

- Developed a web-based language translation interface with source/target language selection and a user-friendly translation workflow.
- Tech: React.js, JavaScript, CSS, Translation API | Live Demo

CodeAlpha Task 2 — FAQ Chatbot

- Created an FAQ chatbot with a conversational interface to help users find answers to frequently asked questions.
- Repository: GitHub Repository

Personal Portfolio Website

- Created a responsive portfolio website using HTML and CSS to present profile information, skills, and projects.

CERTIFICATIONS & ACHIEVEMENTS

Thiranex — Full Stack Development Internship • Infosys — HTML, Python, and CSS Certifications • Skillected Certificate • Database Power — Seamless Tech Integration Bootcamp • JNTUV Skill Development Cell Participation • Unstop — Navachar Code Fest 2026, Round 1 MCQ Challenge (Rank 152; Certificate of Participation) • Unstop / NIMBLUX — CodeRush Coding Quiz

CORE STRENGTHS & CAREER INTERESTS

Quick Learner • Problem Solving • Team Collaboration • Self-Motivated • Adaptability • Logical Thinking
Interests: Software Development, Full Stack Development, SQL, AI and Generative AI, Application Development
